Governing Board

The Governing Board is an important way to participate in the decision-making and consultative processes for the school and the students. It is composed of eight parents, six teachers, two school support staff and two community representatives.

Term of Office

Parent representatives: 2 years (alternating terms)

Other representatives: 1 year

Chair: 1 year (must be a parent)

Governing Board Functions and Responsibilities

- The Governing Board in collaboration with all parties concerned, adopts, implements and evaluates the school's Educational Project, which must comply with the province-wide framework defined by the Education Act, the basic school regulations and Quebec Education Program of Studies.
- The Governing Board approves the proposals of the principal for the implementation of the basic school regulations, program of studies, student services and student supervision policy.
- The Governing Board advises the school board on matters that are likely to facilitate the operation of the school and improve the organization of service provided by the Governing Board.
- The Governing Board shall seek the collaboration of persons having an interest in the school.
- The Governing Board shall encourage the communication of information dialogue and concerted action among students, parents, the principal, teachers and other staff members and community representatives.
- Any decision by the Governing Board is made in the best interests of the students.
