STARRING

Wassim El Mounzer

and

Pino Pirillo

He once grabbed a microphone in a dive bar in Bundang, South Korea and took a group of expats verbally hostage for several minutes, seeking their approval through laughter. You can now catch him all over Montreal doing the exact same thing. Winner of Comedy Works Invitational & Seoul Laughs Comedy Competitions. Star of the "Young Guns of Comedy Tour - 2017". Lastly, he is way funnier than his headshot.

He learned very early on, that he loved to make people laugh. He enjoys the sound of laughter: "Hearing people laugh at what I say is the biggest compliment I can get, knowing for that moment in time I brought them to a happy place!" His witty comedic style brings to life what it's like growing up in an old school Italian family. He has exploded onto the Montréal comedy scene and like all things Montréal: smoked meat, poutine or potholes he is conquering North America having entertained audiences in Montreal, Toronto, New York and most recently Connecticut. Star of the Italian Bad Boyz of Comedy. He has also shared the stage with some of the finest wits working in comedy and left a terrific impression on them and every audience he has come across.
