

# CWA Winter Clothing Drive

Spring is here and we can finally shed our winter layers!

As you go through this seasonal change and decide what to store for next year, please consider donating the winter clothing items you will no longer use to St. John Brebeuf church in LaSalle.

The parish collects gently-used, clean winter clothing and accessories (jackets, snow pants, hats, scarves, gloves, mittens, boots...) in all sizes (infant to adult) and distributes them to needy families through their HOPE food bank.

There are many newly-arrived refugees in our community who use the food bank. Many come from countries where snow is a foreign concept and they are often unprepared for our climate.

St. John Brebeuf church will gladly receive your donations of winter items. Please place them in a bag labeled "HOPE" and drop them off at CWA. They will then be brought to the church.

Thank you for taking action and helping others in your community!
